Dear Friends:

It is with great pleasure that I support your efforts to reunite Korean-Americans with their North Korean relatives. As you know, many of these families have been torn apart since World War II without so much as a letter or a phone call to even confirm if their loved ones are still alive. This is extremely unfortunate and deserves elevated attention from both North Korea and America.

It is truly a delight to see the Eugene Bell Foundation and the Korean American Coalition of the Midwest support you in this endeavor. I am well aware of the remarkable work that both of these sponsors have done for Koreans and Korean-Americans across the globe. The Eugene Bell Foundation has provided medical assistance to North Korea for over ten years and the Korean American Coalition of the Midwest has collected over 50,000 signatures, including former Secretary of State Colin Powell, supporting this issue.

On behalf of the Korean-American community that I represent in Congress, I would like to sincerely thank you for taking up this important matter. I wish you enormous success in reuniting as many Korean families as possible, several of which have been separated for over 50 years.

With warm regards, I remain,

Sincerely,

Tom Davis
Member of Congress
